
***ERRATUM*—Test Examiner Instructions**

2008 California Mathematics Standards Test for Grade 7

Version 14 only

Prior to Test Administration of the Mathematics Test

After distributing the test booklets and answer documents for the California Mathematics Standards Test for Grade 7 and confirming that students received their own test booklet and answer document, identify the students in your test group who are using **Version 14** of the CST for Grade 7.

Pause as students raise their hands. For those students with version 14 test booklets,

SAY Turn to page 60 in your test booklet and find question 50. T

Pause while students turn to the correct page. Check to make sure the students with version 14 test booklets are on the correct page.

SAY For question 50, find the answer choice letters. In your test booklets, cross out answer choice letters ABCD and write in FGHI next to them. T

Check to make sure the students with version 14 test booklets are marking question 50 in their test booklets correctly.

SAY Next, turn to page 61 in your test booklets and find question 51. T
--

Pause while students turn to the correct page. Check to make sure the students with version 14 test booklets are on the correct page.

SAY For question 51, find the answer choice letters. In your test booklets, cross out answer choice letters FGHI and write in ABCD next to them. T

Check to make sure the students with version 14 test booklets are marking question 51 in their test booklets correctly.

Proceed with administration of the CST for Grade 7 Mathematics using the remaining directions in the “California Mathematics Standards Test” section of the *2008 CST Grade 7 Directions for Administration*.
