

District STAR 2008 Student Data Layout

Results for the CSTs, CMA, CAT/6 Survey, CAPA, and STS

-
- Three distinct student files are included on all CD-ROMs. The UIN - File Linking Number in positions 3–22 of each record can be used to join the records together so that all student information can be matched.
 - The first file contains student identification data, demographic data, and test information; record length 404.
 - The second file contains student identification data, and accommodation and modification data; record length 414.
 - The third file contains student identification data, English learner test variation data, irregularity data, and subscore data; record length 304.
-

Note: A file named Filler.bin is included on all CD-ROMs. Filler.bin is used by the iMAC operating system to interpret data correctly. This file will be ignored by all other operating systems.
